2008-2009	SENIOR SECONDARY SCHOOL	CANYON H SEC SCHOOL	74.4%	BHOPAL , MADHYA PRADESH
2006-2007	SECONDARY SCHOOL	CANYON H SEC SCHOOL	72%	BHOPAL, MADHYA PRADESH

TECHNICAL SKILLS :

- **Language**   :HTML5,CSS3,JavaScript
- **Design**   :UI UX Design, Responsive web design (Advanced)
- **Library**   :ReactJS, Material-UI, Ant Design
- **Api**   :RESTful API Integration
- **Version Control**   :Github, Bitbucket , Jira
- **Global State Management**   :React Redux Toolkit
- **Tools**   :Figma,Visual Studio Code

Work Experience

Front End Developer - Audacious Technology   **November 2021 – August 2022**

- Designed and implemented responsive, interactive web applications using HTML, CSS, and JavaScript.
- Collaborated with UI/UX designers to develop pixel-perfect user interfaces, ensuring an exceptional user experience.
- Built dynamic components using ReactJS and Angular frameworks to enhance functionality and interactivity.

- Conducted rigorous testing and debugging to guarantee cross-browser compatibility and seamless performance across devices.
- Partnered with backend developers to integrate APIs, optimize performance, and deliver data-driven features.
- Delivered projects within tight deadlines, exceeding client expectations for quality and functionality.

Freelance Front End Developer   **November 2022 – Present**

- Developed and optimized responsive websites for diverse clients, focusing on performance and usability.
- Enhanced existing projects by resolving bugs and improving performance through in-depth debugging and testing.
- Gained extensive experience with modern frontend frameworks such as ReactJS and Vue.js, creating modular and reusable components.
- Collaborated with teams during brainstorming sessions, contributing innovative ideas for improving user interfaces and workflows.
- Maintained clear communication with stakeholders to understand requirements and deliver tailored solutions.

PROJECT WORK :

E-commerce Website (HTML, CSS, ReactJS, Redux)

- Developed an e-commerce platform using **ReactJS** and **CSS Grid** for an optimized user experience.
- Implemented **Redux** for efficient global state management, ensuring seamless product filtering, cart management, and user authentication.
- Designed and structured reusable **React components** to enhance scalability and maintainability.
- Integrated dynamic routing and API handling for a smooth shopping experience.
- Optimized performance using lazy loading and efficient state updates.
- **Project Link -** https://glowing-snickerdoodle-21a927.netlify.app/

Portfolio Resume (ReactJS, HTML, CSS, Grid, Flexbox)

- Developed a personal portfolio website using **ReactJS** with a modern and responsive design.
- Utilized **CSS Grid** and **Flexbox** for a structured and visually appealing layout.
- Implemented reusable **React components** for better maintainability and scalability.
- Showcased projects, skills, and experience in an interactive and user-friendly interface.
- Optimized performance with lazy loading and efficient rendering techniques.
- **Project Link -**https://storied-gumdrop-fd03fb.netlify.app/

DECLARATION :

I am a highly motivated and dedicated professional seeking a challenging role in front-end development. With a strong foundation in HTML, CSS, and JavaScript, I aim to contribute my skills and creativity to develop visually appealing and user-friendly web applications.
